

ANDREWS'S LITTLE SHAKE-UP.

Said to Have Been Merely for "Educational" Purposes.

The Men Say, However, That He Feared Anti-Tammany "Pulls."

An earthquake has occurred in the Department of Street Cleaning, much to the occasional experience in the Police Department when captains and sergeants are transferred from one precinct to another, "for the betterment of the service," as explained by the Police Commissioners.

The Department of Street Cleaning officials, however, appear to be of a more philanthropic turn of mind. They yesterday transferred eleven district superintendents and nineteen dump inspectors from old and familiar bailiwicks to new ones, but it was all done for an educational purpose, that the men may familiarize themselves with the topography of the city.

The superintendents and inspectors on the other hand, claim to know the city very well, and are not at all grateful for the philanthropy of Commissioner Andrews. They say, further, that he is too afraid that the district superintendents will acquire a political "pull" in their old bailiwicks that may not be easily controlled by the regular Tammany leaders should it chance to be of the anti-Tammany brand.

Then, too, it is said, the superintendents and inspectors are making a little money on the outside by removing for customers such things as cannot be carried by the legitimate service of the city. Of course, the men deny this.

At the office of Commissioner Andrews this morning, it was said he might be down at noon, and then again, he might not. Acting Chief Clerk Edward F. McCarthy had this to say relative to the subject:

"Why, the shake-up is nothing new. It very often occurs three or four times a year, and is done for the purpose of teaching the men of the Department the lay of the city, so that they will become more familiar with the different localities."

As to the district superintendents being shifted around to different stamping grounds, and that there are district superintendents in the localities where the men have been, why, that is false.

"Mr. Andrews has entire charge of the matter, anyway, and he and Supt. Robbins do as they please."

Mr. McCarthy did not know whether more changes would be made immediately.

It is expected that the fifty-five foremen and the nineteen assistant dump inspectors will be moved about on Commissioner Andrews's checker-board before long.

A. R. U. TO AID STRIKERS.

Said to Have Decided to Tie Up Pullman Cars.

(By Associated Press.)

CHICAGO, June 15.—The Herald says that the American Railway Union will decide to tie up the Pullman sleeping cars, as a means of assisting the strikers at Pullman. It is said the first roads to be affected will be several lines running out of Chicago, and that the trouble will be confined to this city as closely as possible.

No action has as yet been taken by the Union, and the Committee having the matter in charge has not yet reported, but The Herald declares that the report will be in favor of the tie-up.

FOUND NUDE IN THE STREET.

Mary Benson, a Cook, Taken to Bellevue, Insane.

Police Officer Gallagher, of the West Sixty-eighth street station, while waiting along the Boulevard, near Eighty-third street, at 4:50 o'clock this morning, was surprised to see a woman entirely nude, wandering aimlessly about. He questioned her, but got no satisfactory answer as to how she came to be in that place, and in that condition. She was plainly insane, and the policeman after wrapping his coat about her, took her to the station.

There, after long questioning, she said her name was Mary Benson, a cook, employed at 141 West Eighty-second street. She was taken to Bellevue Hospital and placed in the insane ward. The elite directory gives Mrs. Susan Hill as the occupant of 141 West Eighty-second street.

HIS WITNESS TOO EAGER.

Kov Berger's Case May Go Before the Grand Jury.

The Grand Jury may be called upon to investigate the case of Adolph Berger against Sandor Kohn, which was tried before Judge John Henry McCarthy, in City Court yesterday, for \$2,000 damages for assault. He testified that he was sick in bed for only one day, but one of his witnesses, a woman, was so eager that she swore he was sick in bed four days.

The "little Judge" disgustedly observed: "There is perjury here somewhere, and I am going to send this case to the District Attorney."

The jury in four minutes rendered a verdict for Kohn, who was Lawyer Alfred B. Jaworski's client.

HURT BY A BREAKING WHEEL.

Bannock's Head Cut, and He May Be Internally Injured.

Otto Bannock, thirty years old, of 121 West Nineteenth street, a router employed in the Moss Engraving Company in the Puck Building, corner of Mulberry and Houston streets, was severely injured by an accident while at work there this morning.

He was attempting to put a belt on a wheel which was in motion, the belt became entangled in the shafting and broke the wheel.

A piece of the iron struck Bannock on the head, inflicting a severe scalp wound and knocking him off the ladder. It is believed that he was also internally injured. He was taken to St. Vincent's Hospital.

OPEN EVENINGS.

PASSED SIX ICEBERGS.

And the Columbia Made a Good Run, in Spite of Heavy Seas.

The Hamburg-American steamship Columbia, Capt. Voegelsang, which arrived this morning from Hamburg, is the latest incoming ocean steamer to report having passed icebergs.

Tuesday, from latitude 45.30 to latitude 46.49 and longitude 49 to 47.30, the Columbia passed six of the big frozen derelicts, none of which was less than 60 feet long and 150 feet high.

The Columbia's trip took 6 days, 18 hours and 12 minutes. Her daily runs were 416, 440, 462, 468, 481 and 313 knots, a total of 2,980 from Southampton, and her average speed was 18.27 knots an hour.

Her good time was made in spite of strong westerly winds, heavy seas and a high westerly swell which lasted up to Tuesday.

The Hamburg-American liner Savaria, Capt. Reuter, from Naples, May 20, which also arrived this morning, reports passing one iceberg June 11 in latitude 45.35, longitude 44.00.

FLAG PRESENTATION.

Woodlawn's Public School Honored by Hancock Post, G. A. R.

The G. A. R. is everywhere recognized for its great loyalty to the flag. This is demonstrated by its generosity in presenting to the schools of the land the National colors.

The public school at Woodlawn was thus honored to-day by Hancock Post, No. 253, assisted by Farnsworth Post, No. 170, of Mount Vernon; Tilden Post, No. 92, of this city; the armed and equipped Public School Cadets of G. S. No. 27 and the uniformed drum corps of G. S. No. 1, Kingsbridge. A large concourse of people was present to witness the interesting ceremonies and the patriotic exercises. Col. H. W. Rider, of Hancock Post, was the grand marshal of the day.

Col. J. A. Goulden, a member of the Board of Education, made the presentation of the flag. Speeches were also made by Commissioners Knox, Moriarty, O'Brien and Livingston, Trustees Martin and Allen, Judge Angel and others. A parade preceded the exercises.

SHOT BY A GIRL'S FATHER.

Populist Politician Killed on the Street in Holton, Kan.

(By Associated Press.)

HOLTON, Kan., June 15.—Charles R. Hamble, a prominent lawyer of this city, was shot and instantly killed on the street last evening by Clinton Osborn, a sealer.

Osborn accused Hamble of deceiving his daughter, who has been working in Hamble's office. Hamble denied the charge and offered to prove his innocence. As he turned, Osborn fired a charge of buckshot into the unfortunate man's breast and neck, killing him almost instantly. Hamble was a prominent Populist politician.

PRISONER AND GIRL CAUGHT.

They Elope After She Aided Him in Breaking Jail.

(By Associated Press.)

CLARKSVILLE, Tenn., June 15.—Alexander Driscoll, confined in the Cadiz jail on the charge of horse-stealing, recently effected his escape with the aid of the seventeen-year-old daughter of the jailer. The girl then eloped with Driscoll and they were traced to the village of Palmyra, in the lower portion of this county, and there arrested. The young lady had cut her hair short and had put on trousers. She and Driscoll were taken back to Cadiz.

HE'S CRANKIER THAN COXEY.

Commonwealer Sweetland Goes to the Tombs "on Principle."

Says His Chief Will Mount the Capital Steps Again July 4.

Devotion to principle is all very well, but when it comes to man's voluntarily cooping himself up in a cell in the Tombs Prison for three months, particularly in the heated season, when he could secure the same end by staying outside, it seems to the common herd that principle is being badly strained.

George A. Sweetland, ex-leader of the Connecticut Coxey contingent, is the voluntary martyr to what he calls "a principle," now enjoying Warden Fenton's hospitality. Sweetland told an "Evening World" reporter this morning that, tiring of the many delays in the Court of Special Sessions, where he was sent for trial on an indictment for misdemeanor in leading a procession in the city without a permit, he now demanded a trial by jury in the General Sessions.

"I think I'll get a fairer shake if I'm tried by a jury than as a Judge. My case is a test one as to whether a city or county law can override a man's constitutional rights. I could be out on bail now, but I'm determined to stay in jail until I'm tried. I surrendered my bond yesterday voluntarily, and now I'm being provided for by the law."

"I saw Coxey and Browne last week in Washington before they were released from jail, and they told me that July 4 Coxey, escorted by the Commonweal Army now encamped at Bladensburg, would read the Declaration of Independence from the steps of the Capitol and risk whatever results might follow."

"Browne said they'd keep off the grass this time and see how standing on marble would go."

"The Bladensburg army is now 600 strong. They have good tents to sleep in and plenty of supplies. You've no idea the vast quantity of food (flour, beans and such like) the army has received from the West."

"My mission, as far as leading armies is concerned, is now fulfilled. I left Bristol, Conn., with sixty men, and got thirty-six of them to Washington."

The voluntary martyr looked fat and happy this morning and acted as if the world was going pretty easy with him, but then he has not yet been twenty-four hours in the Tombs and the weather has been cool.

Dr. Drickner's Crazy Visitor.

There called upon Dr. Frederick Drickner, of 84 Second avenue, yesterday Frederick Berritz, who says that he has no home. Berritz told the doctor that he had come for the \$2,000 reward him. The doctor saw that the man was a lunatic, as well as an entire stranger. He summoned a policeman and Berritz was taken to Bellevue.

Fell Through the Skylight.

Kate McLaughlin, of 9 Eldridge street, fell through the skylight on the roof of No. 2 Eldridge street last night and was seriously hurt. She was removed to Gouverneur Hospital.

Better use too much than too little Pearline. Beware of imitations.

Removal Sale.

In consequence of extensive alterations and repairs upon the WEBER & SLOCUM'S Old and New, we have secured temporary quarters almost directly opposite. In order to reduce stock and save the expense of moving a very large number of slightly used and second-hand grand, upright and square pianos of our own and other makes, we have decided to close them all at prices never before offered to the public for the same grades of instruments. Our assortment includes pianos by the following makers:

Weber, Chickering, Wheelock, Mason & Hamlin, Lindemann & Sons, Hallett & Davis, Bradbury, Steinway, Hallett & Allen, Knabe & Sons, Jacob Bros.

These pianos are all in good order, and many of them practically as good as new. Every instrument has been marked down to bed-rock figures, and price and terms plainly marked upon each. This SPECIAL SALE will be conducted upon our ONE-PRICE SYSTEM, a novelty in the piano trade, and ABSOLUTELY NO DEVIATION will be made under any circumstances. This is a rare opportunity for piano buyers, and intending purchasers should not fail to take advantage of it. Payments may be made upon easy installment if desired.

Webster Piano Company, 8th Ave. and 16th St.
